Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Sunday 11 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A wet start, then turning drier and warmer later.

This Evening and Tonight:
A wet night as the afternoon outbreaks of rain continue, starting in the west and spreading eastwards across the whole region. These turning heavy at times. A cloudy night, with low cloud giving hill fog over upland areas. Minimum temperature 11 deg C (52 deg F).

Monday:
Overnight rain turns into scattered showers into the day, these heavy at times and with a risk of thunder to the east. Turning dry in the west from the afternoon. Maximum temperature 21 deg C (70 deg F).

Outlook for Tuesday to Thursday:
Sunny spells on Tuesday with some showers, heavier in the east. Dry and sunny from Wednesday, though perhaps temporarily cloudy Thursday morning with occasional drizzle. Temperatures warming through this period.
